2007 To Be An Exciting Year for Game Releases

This year promises to be full of revolutionary new games. Steam plans a new 'free trial' program for its games. Sega is bringing a game based on the "Aliens" movie series to both the PC and console. And finally, the much hyped S.T.A.L.K.E.R. is supposed to see the light at last this year.

Three incredible MMORPGs are expected very soon: Lord of the Rings Online is extremely impressive in beta, due out in a couple of months; Vanguard: Saga of Heroes, is the much touted 2nd creation of Brad McQuaid, the creator of the incredibly successful Everquest; Tabula Rasa is the 2nd creation of the other MMO giant, Richard Garriott, who revolutionized online gaming with Ultima Online. And finally, Blizzard is releasing its much anticipated expansion for World of Warcraft, World of Warcraft - The Burning Crusade.

After School Program for the New Year Starting

The **LFG After School Program** will start rolling this year. Do your homework and research at LFG, get help from a tutor, and when you're done, spend the rest of the time gaming on our sick computers!
